

SPECIAL REACTOR
used for polypropylene plant
ribbon impeller with double start

DYNAMIC SEPARATOR
used for polypropylene plant

SPECIAL AGITATOR
used for gum
shaft length: 6500 mm
3 axial flow impellers Ø 2800 mm
electric motor: 75 KW with gear reducer
spider-shaped mechanical seal

SIDE-ENTER AGITATOR
lined by ebonite

with removable mechanical seal
without dismounting the agitation group

SIDE-ENTER AGITATOR
made of AISI316L
